FOR IMMEDIATE RELEASE

January 19, 2017

**WESTERN DEVELOPMENT MUSEUM - YORKTON HOSTS
A TASTE OF SCIENCE TRAVELLING EXHIBIT**

The Western Development Museum – Yorkton is pleased to have *A Taste of Science* on exhibit through April 16. From the Canada Science and Technology Museum in Ottawa, this exhibit blends math, health, history – and, of course, science! – in an informative and interactive experience for visitors of all ages.

A Taste of Science highlights the role science plays in delaying food decay and keeping food nutritious and safe for us to eat. In this engaging experience, immerse yourself in an oversized “pantry” and discover what makes food spoil, and different food preservation techniques. You’ll find lots to feed your mind and imagination on the menu!

***A TASTE OF SCIENCE* TRAVELLING EXHIBIT
January 19 - April 16, 2017
WDM Yorkton
Highway 16A West**
